Windows 10 S - System Components What is Windows 10 S? Windows 10 S is a brand new feature that offers a fresh and Windows 10 S is a brand new feature that offers a fresh and innovative user experience with only limited features. Windows 10 S enables Windows users to switch to Windows 10 if they wish, but will not be able to get to the full features of Windows 10. The Windows 10 S offers an operating system that is more focused and limited than the other versions of Windows. The Windows 10 S version is a new Windows 10 operating system that is designed to keep your devices as "premium" or "single-user." The Windows 10 S OS runs on devices that have a limited amount of storage space. As an exception, the Windows 10 S OS supports a new feature called "Desktop with Mobile Devices. With this feature, you can carry your computer and mobile devices on the same device, connect with the same connection, and share the same content. Microsoft will introduce this feature as a feature in the Windows 10 Fall Creators Update. For more details, see the Windows 10 Fall Creators Update documentation You can check your Windows 10 device ID information - here is a link. To enter your device ID, use a link below: When you're on a Windows 10, mobile device or macOS computer, your device ID is automatically generated. You can check your Windows 10 device ID by going to Settings > Accounts, and entering the device ID number, which you may find in the following formats Windows 10 enterprise edition Windows 10 pro edition Windows 10 home edition Windows 10 pro Windows 10 home Windows 7 enterprise
